

Seminar on Credit Risk Management

CPD committee of Faisalabad Branch Council is pleased to announce a seminar on credit risk management.

This session is specifically designed to develop a comprehensive understanding of credit risk management for effectively navigating the financing landscape & Credit Process Flow. Participants will gain insights into the conceptual and regulatory frameworks that shape the financing decision of the banks for extending loans including an overview of the BASEL, Prudential Regulations, and the bank's Credit Policies and Procedures. Key areas of focus will include evaluating creditworthiness, credit identification, and implementing effective risk mitigation and monitoring strategies. This training offers a strategic advantage, empowering participants to enhance their financial acumen and increase the likelihood of securing favorable financing outcomes.

What to be Learn:

- Introduction to Conceptual & Regulatory Framework
- Credit Process Flow
- Due Diligence, Policies & Practices
- Business and Financial Risk Analysis
