School of Certified Directors

17th Directors' Training Programme

Pearl Continental Hotel, Bhurban

Under the Listed Companies (Code of Corporate Governance) Regulations, 2017, there is a mandatory requirement for all companies to ensure that by June 30, 2019, at least half (50%) of the directors on their boards have acquired the prescribed certification under any SECP-approved Directors' Training Program.

In a major break-through for gender diversity in corporate boards in Pakistan, the SECP has required listed companies that their boards shall have at least one female director when it is next reconstituted not later than expiry of its current term or within the next one years from the effective date of these Regulations, whichever is later.

Further the Government has made some amendments in the Public Sector Companies (Corporate Governance) Rules, 2013 vide SRO # 275 dated April 21, 2017 in order to facilitate compliance, improve standards & ensure conformance to good corporate governance principles in the public sector companies through improved performance, sound and prudent management.

In addition, the Board of Directors shall have at least one female director when it is next reconstituted not later than expiry of its current term or within the next one years from the effective date of these Regulations, whichever is later.
